European Architecture 1750-1890 by Barry Bergdoll ...

European architecture 1750-1890. "This book explores the innovative ways in which architects from Soufflot and Adam to Viollet-le-Duc and Semper responded to the new challenges of a rapidly changing modern world. A wide range of buildings were created to house railway stations, prisons, department stores, and museums; the entirely new products of the industrial, political and economic revolutions sweeping Europe."
