This book gathers selected contributions presented at the Enzo Levi and XX Annual Meeting of the Fluid Dynamic Division of the Mexican Physical Society in 2014. The individual papers explore recent advances in experimental and theoretical fluid dynamics and are suitable for use in both teaching and research. The fluid

dynamics applications covered include multiphase flows, convection, diffusion, heat transfer, rheology, granular materials, viscous flows, porous media flows, geophysics and astrophysics. The contributions, some of which are introductory and avoid the use of complicated mathematics, are suitable for fourth-year undergraduate and graduate students. Accordingly, the book is of immense benefit to these students, as well as to scientists in the fields of physics, chemistry and engineering with an interest in fluid dynamics from experimental and theoretical points of view.

Social media and digital technologies have changed our lives and there is no indication that things will slow down. As Muslims, we believe that Islam contains the most perfect guidance for all of mankind to follow. How do we implement that timeless advice in our unprecedented times? That is the focus of the Fiqh of Social Media. "I am grateful and appreciative of my friend, Omar Usman, for exhausting available resources; Islamic, psychological, secular, and business, to develop the work you see before you. We have had long discussions pertaining to many of the topics covered in this book. I am confident that you will find this book to be beneficial, and I pray that it inspires more contributions on this topic." -Shaykh AbdulNasir Jangda, Qalam Institute "With the time we spend on social media, being mindful of how we use it is crucial. This is a wonderful resource based in prophetic guidance on how to practically use social media in wise and beneficial ways." -Dr. Omar Suleiman, Yaqeen Institute "Reading Fiqh of Social Media is like sitting with your best friend from Sunday school and having an intellectual & spiritual conversation about the impact of social media on your life. Omar distills years of research, experience, and thought leadership in an easily digestible book that you can enjoy with a good cup of coffee (and your phone off!)" -Mohammed Faris, The Productive Muslim Company "Having followed Omar Usman's extensive work on the #FiqhOfSocialMedia and attended the seminar by him in person, I'm thrilled to hear about this being released in book form. Behavioral experts often demarcate an addiction by its rendering of a person dysfunctional; it sabotages his/her career, relationships, health, or any other fundamental facet of one's life. Therefore, considering what the digital age is undeniably crippling in our lives, I cannot overstate the importance of availing oneself this sobering critique of social media's true costs, its pragmatic course for rehabilitation, and its showcasing of the renewed relevance of Islam's timeless principles for self-care in the most comprehensive sense of the word." -Shaykh Mohammad Elshinawy, Mishkah University "The Prophet (s) said, "Whoever believes in Allah and the Last Day should say something good or keep silent." The ability to control our tongues, how we communicate with others, is an expression of our faith. Communication has evolved and changed so much that one of the primary ways many of us communicate with others is through social media; hashtags and 280 characters. This is a long-awaited work from my good friend and Hajj companion Omar Usman who has been writing, tweeting, speaking, and teaching about the Fiqh of Social Media for years. This is a valuable work providing guidance on how to use and benefit from social media in a way that conforms to our principles and values." -Shaykh Furhan Zubairi, Institute of Knowledge "Ulama of the past have written on the adaab of speech and social interaction. Connecting those guidelines with the modern world of social media has been the need of our time. May Allah reward Omar for taking this task on!" -Mufti Hussain Kamani, Qalam Institute "This is a must-read for Muslims around the globe. I can't thank Omar enough for this work which forces Muslims to look in the mirror and answer tough questions about how social media has impacted our lives. It questions why we desire to share the most intimate aspects of our lives with strangers from around the world and provides action items to implement. These discussions need to be had within the Muslim community. We have to question how our quality of life has been impacted by the age of hyper-connectivity. Due to the fact that Social Media is the tool for creating social capital, we need to realize that speaking about the harms of constant connectivity takes a lot of courage. Thank you, Omar, for this work." -Shaykh Mikaeel Smith, Qalam Institute
