Kubota Engine America (KEA) has a vast distributor network in the U.S., Canada and Latin America to provide engine service support. These factory-trained distributors have the expertise and know-how to provide convenient parts, service and warranty support for all Kubota-powered products.

**Kubota Engine America—Home**  
Engines Engines were added to Kubota's numerous product line in 1922 when we researched and developed the agriculture and industry engine Type A, with 3 horsepower. Our engines were then expanded for various usages, and engines of high output, compact and lightweight, have gained a high level of trust in the global market.

Engines. Kubota began producing engines for the power source of such agricultural equipment as grain threshers and pumps. Kubota's engines, which were made from its cast iron and mechanical technology, were later installed in the company's own agricultural as well as construction equipment.

**Engines—EVOLUTION OF KUBOTA TECHNOLOGY—Kubota Global Site**

Kubota engines are diesel and spark ignition engines manufactured by Kubota Corporation. Besides gasoline-fueled for spark ignition engines, the company produces dual fuel, LPG-fueled, and natural-gas-fueled engines as well.
