"Includes standards & benchmarks"--Cover.

Written expressly for teachers, this book is jam-packed with tools and strategies for integrating response to intervention (RTI) into everyday instruction in grades K-5. Numerous real-world examples connect RTI concepts to what teachers already know to help them provide effective instruction for all students, including struggling learners. Drawing on extensive classroom experience, the authors: *Present color-coded intervention recipes for all three tiers of RTI implementation. *Provide hands-on tools and 50 reproducibles, with a large format and sturdy spiral binding for ease of use. *Explain the core features of RTI and what they look like in action. *Describe evidence-based instructional methods for reading, writing, math, and behavior. *Show how to fit assessment and progress monitoring into the busy school day.

Middle School Life Science Teacher's Guide is easy to use. The new design features tabbed, loose sheets which come in a stand-up box that fits neatly on a bookshelf. It is divided into units and chapters so that you may use only what you need. Instead of always transporting a large book or binder or box, you may take only the pages you need and place them in a separate binder or folder. Teachers can also share materials. While one is teaching a particular chapter, another may use the same resource material to teach a different chapter. It's simple; it's convenient.
