Crafting takes no time, though there is a very small delay between the creation of items in a stack. The longer the button is held, the shorter this delay. While many items can be crafted using only the materials in their recipes, most will require a crafting station to make their recipe available. Items that require a station will appear in the crafting bar while the player stands near the required item, requiring no interaction with the station.

#1 NEW YORK TIMES BESTSELLER When and how did the universe begin? Why are we here? What is the nature of reality? Is the apparent “ grand design ” of our universe evidence of a benevolent creator who set things in motion—or does science offer

another explanation? In this startling and lavishly illustrated book, Stephen Hawking and Leonard Mlodinow present the most recent scientific thinking about these and other abiding mysteries of the universe, in nontechnical language marked by brilliance and simplicity. According to quantum theory, the cosmos does not have just a single existence or history. The authors explain that we ourselves are the product of quantum fluctuations in the early universe, and show how quantum theory predicts the “multiverse” —the idea that ours is just one of many universes that appeared spontaneously out of nothing, each with different laws of nature. They conclude with a riveting assessment of M-theory, an explanation of the laws governing our universe that is currently the only viable candidate for a “theory of everything”: the unified theory that Einstein was looking for, which, if confirmed, would represent the ultimate triumph of human reason.

How far will four friends go for immortality? This novel is Hugo and Nebula Award – winning author “Robert Silverberg at his very best” (George R. R. Martin). After Eli, a scholarly college student, finds and translates an ancient manuscript called *The Book of Skulls*, he and his friends embark on a cross-country trip to Arizona in search of a legendary monastery where they hope to find the secret of immortality. On the journey with Eli, there’s Timothy, an upper-class WASP with a trust fund and a solid sense of entitlement; Ned, a cynical poet and alienated gay man; and Oliver, a Kansas farm boy who escaped his rural origins and now wants to escape death. If they can find the House of Skulls where immortal monks allegedly reside, they’ll undergo a rigorous initiation. But do those eight grinning skulls mean the joke will be on them? For a sacrifice will be required. Two must die so that two may live forever . . . Stretching the boundary between science fiction and horror, Robert Silverberg masterfully probes deeper existential questions of morality, brotherhood, and self-determined destiny in what Harlan Ellison refers to as “one of my favorite

My recollections of the first time I entered the spacious, bustling kitchen of Villa Joe's restaurant brings me back a long stretch of years. I was twenty years old when I stepped into the dynamic heart of the restaurant. I was simply dazzled by the abundance of food, cooked and uncooked, in escalating stages of preparation, all being assembled, concocted, confected into forms creatively visual and delectable. As a promising fashion designer I was enthralled by the scene so artistic in my eyes. I saw a palette of colors, the modeling of textures and contours as if designed and draped at a couturier's studio. I had a sixth sense I would like to be a part of this activity. My husband Frank's mother was busy at the antipasto table sorting salad greens, chicory and arugula. Frank introduced me to her. I said, "Hello, may I help you?" You may find yourself matching recipes with the lighthearted fables in my husband's memoir, "A Remembrance of a Restaurant; A Decameron of Dining," or his other works, "Under Blue Skies of Naples," "Chez Dogs," and "Naples of Salvatore DiGiacomo," which might grant a realized recipe added piquancy. For your convenience I have charted correspondences on the last page.
