Flirting with boys and hanging out with her best friend pretty much sums up Esmerelda's life, but it's all about to change. At eighteen, the toughest decision she should have to make is whether or not to go to college, not helping her dad pick out a casket for her mother. But, it's not until wounds heal instantly and flowers bloom in front of her eyes that she begins to question her sanity. Nothing. Absolutely nothing, could prepare her for being kidnapped and flown out of the country, only to find out her kidnapper is a warlock. Sanity? At this point she is sure either hers or his is gone. Magic isn't real, it's in stories and fairy tales parents tell little kids. Or is it? But there's more, much more... her blood is the secret gift bestowed by five dead witches and there is one warlock who'll stop at nothing to get it. To end the curse to his power and save herself, she must awaken the witches from their graves. Shouldn't be hard, right? With life as Esmerelda knew it officially over, it isn't until she meets Ian that she starts to feel normal again. He's all the eye candy plus a Guardian wrapped up in one hot package. But, the feelings she has for him aren't welcome because they make her forget the danger she's in. And forgetting could mean her death.

A midnight ritual by a secret society in the English Countryside nearly costs Thomas Spell his life. He returns home to Chicago to find that he carries within himself something unspeakable - a condition for which he believes there is no cure, until he meets Penelope, a beautiful and brilliant pre-med student determined to heal him. But the Brotherhood searches for him still, convinced that he holds the key to an unimaginable power. As his life begins to spiral out of control, Thomas is forced to confront his own past, as well as the dark forces closing in on him and everything he holds dear.

Lucas Caige doesn't care much for the world. It's a wolf-hating planet filled with black hearts and darker magic. Hardened by the loss of his brother and best friend, he's learned that lesson all too well. As an alpha in a werewolf society where mates are exceedingly rare and almost impossible to find, he knows there's no real end to the torment of memories and loneliness that every day brings. So he rides. Day and night, he and his Harley eat up the roads fast and hard in a futile attempt to put distance between himself and the past - and between himself and the world in general. Dannai, aka "Danny" Chantelle is on the way to becoming herald of her witch coven, the highest and most respected rank amongst the magic users she's grown to know and love. She has always been talented in the art; magic comes as naturally to her as breathing. She should be happy. But instead, she's losing weight and can't sleep. Because when she does, she dreams of two wolves. And having spent time around werewolves, she knows what that means. Dormants dream of wolves - women who are fated to become werewolf mates. Danny doesn't want to be a werewolf. To make matters worse, one of the wolves she's dreaming of is Lucas Caige, the alpha who would like nothing better than to forsake all magic users. And the other big bad wolf in her dreams? Would like nothing better than to eat her. Notoriously bad at peopling, Isadora Savoie spends most of her time in the greenhouse or at the local animal shelter, using her Conduit powers of growth and healing. Content to remain in the background of the Savoie sister shenanigans, she 's reluctantly roped into the mystery of missing neighborhood girls. Now, she 's partnered with a flashy, flirty vampire to find them before it 's too late. Devraj Kumar has seen and done it all. Three hundred years roaming the earth as a Stygorn—a legendary vampire warrior who operates in the shadows—has its perks. But ennui has set in. That is, until he has a run-in—literally—with an intriguing witch while on a new assignment in New Orleans. Fascinated by her resistance to his charms, Devraj can 't help but push her buttons in an effort to get to know the shy witch. Fortunately for him, she 's been recruited by the Lord of Vampires to assist Devraj on the case. Between a Bollywood marathon, supernatural dating app, secret package, and sexy driving instruction, Isadora is in over her head. And Devraj? After just one taste, he 's playing for keeps.

Last Wolf, the third and final book in the Bad Wolf series is available now. Detective Lara Mendes 's hard work finally pays off when she gets the chance to join the homicide detail. There 's only one catch; she has to partner up with a cop no one wants to work with. John Gallagher is a veteran homicide detective who loves stomping bad guys and hates partners. When the Lieutenant saddles him with this green kid named Mendes, his first reaction is to ditch her but a call comes in about a body on the river bank and the rotation says they 're up. What they find are human remains, mutilated and partially devoured. Their investigation reveals a killer stalking the city with a pack of vicious, feral dogs. And the suspect believes he is a werewolf. But this is Portland, where crazy bastards outnumber normal ones ten to one. Except there 's another catch. The crazy werewolf guy? He isn 't crazy... Author's note: Bad Wolf is my first novel and remains a favorite. This free full-length novel is the first in the Bad Wolf series about two homicide detectives trying to stop a monster. A murder mystery and police procedural, it's premise is simple; cops versus werewolves. I had an absolute blast writing this series. Now that's it's done, I miss these characters. The books, in order, are: 1 Bad Wolf 2 Pale Wolf 3 Last Wolf This free book is the gateway to a world of monsters, gritty detectives and the werewolves that haunt the moonlit night.

But when said guy turns into a wolf, recent southern transplant Mo Wenstein has no difficulty identifying the problem. Her surly neighbor Cooper Graham—who has been openly critical of Mo 's ability to adapt to life in Alaska—has trouble of his own. Werewolf trouble. For Cooper, an Alpha in self-imposed exile from his dysfunctional pack, it 's love at first sniff when it comes to Mo. But Cooper has an even more pressing concern on his mind. Several people around Grundy have been the victims of wolf attacks, and since Cooper has no memory of what he gets up to while in werewolf form, he 's worried that he might be the violent canine in question. And when a werewolf falls head over haunches in love with you, what are you supposed to do anyway? The rules of dating just got a whole lot more complicated. . . .
