Baba Indaba translates as "Father of Stories". It is believed that folklore and tales are believed to have originated in India and made their way overland along the Silk and Spice routes and through the Middle East and Central Asia before arriving in Europe. Even so, this does not cover all folklore from all four corners of the world. Indeed folklore, legends and myths from Africa, Australia, Polynesia, and some from Asia too, can be altogether quite different and seem to have originated on the whole from separate reservoirs of lore, legend and culture.

The 26 American Indian stories herein, have been, time out of mind, in their original form, recited around the lodge-fires and under the trees, by the Indian story-tellers, for the entertainment of the Native American children of the West. Here you will find the stories of THE CELESTIAL SISTERS, THE BOY WHO SET A SNARE FOR THE SUN, STRONG DESIRE AND THE RED SORCERER, WUNZH, THE FATHER OF INDIAN CORN, WHITE FEATHER AND THE SIX GIANTS, SHEEM, THE FORSAKEN BOY and many, many more. They were originally interpreted from the old tales and legends by the late Henry R. Schoolcraft, and then re-interpreted and developed by the Editor, so as to enable them, as far as worthy, to take their place amongst classics like the Arabian Nights, Cinderella, Little Red Riding Hood, and other world-renowned tales of Europe and the East, to which, in their original conception, they bear a resemblance in romantic interest and quaint extravagance of fancy. The Editor hopes that these beautiful and sprightly legends of the West will repay, in part at least, the glorious debt which we have incurred to the Eastern World for her magical gifts of the same kind.

The role of storyteller was always a very special one among Native Americans, combining the functions of philosopher, historian, and entertainer. Winter was the time for the stories around the fire, when the hunt was over and people longed to be lifted to the fairyland of pure imagination. as an early twentieth-century Native American has said. This book contains the magic created around the Indian fireside, for readers of all ages. It includes myths of creation, culture myths, nature myths, and beast fables, as well as the legends, personal narratives and historical traditions of thirty North American Indian tribes.
